**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 4 is rejected under 35 U.S.C. 102(b) as being anticipated by Richardson et al. (5,482,375).

richardson discloses an apparatus for inserting a slider onto a length of zipper of the type comprising a first profile having a first interlocking member and a second profile having a second interlocking member mated with said first interlocking member, the apparatus comprising a guide for receiving a length of the zipper (Fig. 5; via guide rail 22 for receiving zipper 11); a pusher (Fig. 5; via roller 26) movable in a direction generally transverse to said length of zipper (Fig. 5) and including a forked member with protruding fins (Fig. 5; via roller 26 with recess in the shape of a fork), the protruding fins engaging a portion of said zipper to offset the first interlocking member relative to the second interlocking member in the direction of movement of the pusher (Fig. 5); and means for guiding a slider over said offset interlocking members of the zipper and urging said slider onto said offset interlocking members (Fig. 1); note that it is inherent slider 10 been guided and inserted into the offset interlocking zipper members.

***Allowable Subject Matter***

Claims 9-15 are allowed.

Claims 5-8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

Applicant's arguments with respect to claims 4-8 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
